PROFESSIONAL SUMMARY

Passionate full-stack developer completing a Master's in Software Engineering at ESP Dakar. Experienced in building secure REST APIs, responsive web interfaces, mobile applications, and database-driven systems. Seeking a dynamic team to contribute to high-impact projects.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, PHP, Python, C
Frameworks: NestJS, Spring Boot, React, React Native, Laravel, FastAPI, Express
Databases: MySQL, PostgreSQL, MongoDB
Tools & DevOps: Git, Docker, Linux, Jenkins, AWS S3
Other: REST API Development, Microservices, Agile/Scrum, Networking

PROFESSIONAL EXPERIENCE

Fullstack Developer Intern — **Kopar Express** | Dakar, Senegal | December 2025 – Present

- Built a marketplace backend using NestJS in a microservices architecture
- Integrated AWS S3 with Express REST API for file uploads and presigned URL generation
- Migrated mobile app from Angular Ionic to React Native (Expo) and integrated marketplace UI

Intern Developer Integrator — **Yas Senegal** | Dakar, Senegal | May – November 2025

- Developed a medical record management tool, improving internal HR workflows
- Designed secure NestJS REST APIs with JWT authentication, role-based access control and permissions
- Built responsive and modular front-end interfaces using React

Fullstack Developer Intern — **Free Senegal** | Dakar, Senegal | May – November 2024

- Contributed to an internal web application using Laravel and Blade templating
- Developed CRUD features, authentication systems, and database integrations
